

"Better Baby" Organization May Result From Crusade

Permanent Society for Furthering Infant Welfare Work Probably Will Be Formed. Health Officer Woodward Favors Move—Dr. Simon Lauds "Willing Mothers."

A permanent organization of infant welfare workers of the city to wage a continuous fight for "better babies" may grow out of the present city-wide campaign.

Health Officer William C. Woodward last night expressed his unqualified approval of the idea of forming such an organization. He said it undoubtedly would be of great assistance to the health department in keeping down the infant death rate of the city. Although no formal steps toward the formation of such a body have been taken, it is understood that a number of the women of the various societies that are managing the present baby week campaign have considered the plan.

Dr. Woodward, who is chairman of the executive committee for baby week, said last night that so far as he knew the matter would not be taken up at the meeting of the committee scheduled to be held at the central exhibit building, Fifteenth and F streets northwest, at 10 o'clock this morning.

Rev. Dr. Abraham Simon, of Eighth Street Temple, addressing a large gathering of mothers at the central exhibit building yesterday afternoon, declared that one of the biggest steps this country could take toward eradication of infant mortality would be to form a Federal mothers' union.

The mothers' union, he said, would be a body of women who would be organized to help each other in the care of their children. He said that the mothers' union would be a body of women who would be organized to help each other in the care of their children. He said that the mothers' union would be a body of women who would be organized to help each other in the care of their children.

PROGRAM FOR TODAY.

Inspection tour of all the infant welfare institutions of the city by Commissioner Brownlow, Health Officer Woodward, and baby week officials.

12:30 p. m.—Talk on "Food for Children," by Miss Caroline Hunt, of the Department of Agriculture, at central exhibit.

2 p. m.—Talk on "Food for Children," by Miss Caroline Hunt, of the Department of Agriculture, at central exhibit.

2 p. m.—Demonstration of the Montessori educational system by children of Friendship House at central exhibit.

4:30 p. m.—Address by some prominent infant welfare workers at central exhibit.

8 p. m.—Presentation of "Well Babies" by children of Noel House at central exhibit.

Free moving picture lectures—The Alhambra, 10 a. m.; McAdams' Theater, 1 p. m., and the Apollo, 2:30 p. m.

Demonstration and lecture with portable exhibit by Miss Grace Anderson—House & Herrmann's, 11 a. m.; in Smithsonian grounds, 1:15; Wilson Normal School, 3 p. m., and at 433 G street northwest at 8 p. m.

"Willing mothers" advised, because, he said, "many a baby comes into this world unwanted for." Continuing, Dr. Simon declared that the young men and women of today must be brought to realize that there are no more honorable professions than those of motherhood or fatherhood.

Dr. Simon said he used the phrase, "willing mothers," advised, because, he said, "many a baby comes into this world unwanted for." Continuing, Dr. Simon declared that the young men and women of today must be brought to realize that there are no more honorable professions than those of motherhood or fatherhood.

CALLS CAPITAL MORALLY BAD

Rev. Mr. Wright Tells Epworth League Washington Should Be Model City.

EXCISE BOARD SCORED

Anti-Saloon Leader Says Two More Excisemen Beside Gen. Smith Must Be Removed.

"This city has a bad moral reputation, and we young people of the church have come to the conclusion that it is time that the Capital of the country be made the model for the country," declared Rev. J. Ralph Wright, vice president of the Alliance for Civic Righteousness, at the opening session of the annual two-day convention of the District Epworth League at Trinity M. E. Church, Fifth and Eward square southeast, last night. Mr. Wright was followed by Edward S. Hunsbaker, of the District Anti-Saloon League, who told of the successful fight which the league waged against Gen. H. G. Smith for reappointment to the Excise Board.

He declared that there were "two more of the bad set to go." Rev. Harry D. Mitchell, newly appointed pastor of Metropolitan M. E. Church, said it is inspiring to note that while Christian civilization is being threatened by a devastating war on one half of the earth, the seed of evangelism and "back-to-church" campaigns are being laid throughout this land.

Will Name Officers Tonight. Rev. C. Herbert Richardson, endowment secretary of the Baltimore conference of the Methodist Episcopal Church, made an appeal to the delegates to contribute to the endowment fund being raised to increase the pensions of retired clergymen.

Short talks were made by Rev. J. Philip Hoad, pastor of Trinity M. E. Church; Robert D. Burbank, president of the District Epworth League; and David H. Unwin, president of the Trinity Chapter of the League.

The convention will close tonight with the election of officers. The present district officers are: Robert D. Burbank, president; Abby Jump, Andrew Gross, Miss Florence C. Day and W. Ralph Williamson, vice presidents; W. L. Green, Jr. and Wendell Shumaker, secretaries; McKinley W. Knight, treasurer; Ida J. Jurs, Union League superintendent; and Charles K. Hoover, chairman of civic committee.

It's Easy to Peel Off All Your Freckles. The contrast between the freckles and the clear skin usually is so great that no bleach can be more than partially successful in obliterating the disfigurements. Ordinary mercurized wax is far better. It literally peels off the freckles. Get an ounce of it at the nearest drug store and tonight spread on enough to completely cover your face. Remove in the morning with warm water. Repeat daily until every freckle has disappeared.

Rough, blotchy, pimply skin, also common at this season, may be entirely gotten rid of by this same method, without discomfort or inconvenience. The effect is decidedly worth while, the new complexion obtained being so clear, smooth and youthful.

If bothered with wrinkles, bathe the face in a lotion made by dissolving an ounce of powdered saccharine in a half cup of witch hazel. This is the most effective, and quickest-acting wrinkle treatment known.—Adv.

Winners in Herald Better Baby Contest Announced

Two Girls Will Be Awarded Gold Watches and Two Will Receive Gold Bracelets—Winners Will Receive Prizes at Baby Headquarters.

The judges in the Washington Herald "Better Baby" essay contest yesterday informed the "Better Baby" editor that they had selected the following winners:

Lillian Shewmaker, 15 years old, of 560 Rhode Island avenue northwest, awarded the Elgin movement gold watch for the best essay from a high school girl. Miss Shewmaker is in the second year at Central.

Lillian Santucci, of 1632 Newton street northeast, awarded the hand-carved gold bracelet for the second best essay from a high school girl. Miss Santucci is in her first year at Business.

Bessie Pearce, 14 years old, of 1712 Fifth street southeast, awarded the imported movement Lady Suffolk gold watch for the best essay from a graded school girl. Miss Pearce is in Section B, Eighth grade, Congress Heights School.

Idamay Lang, 14 years old, of 27 Adams street northwest, awarded the beautiful hand-carved gold bracelet for the second best essay from a graded school girl. Miss Lang is in Section A, Eighth grade, Emory School.

The prizes, which are on exhibit in the window of Charles Schwartz and Son, 108 Seventh street northwest, will be presented to the winners at the central exhibit of baby week, Fifteenth and F streets northwest, at 8 o'clock Saturday night.

The winners were selected with difficulty from the many well-written essays by three members of the board of judges, who met Monday evening at baby week headquarters. The judges present were Dr. Louise Taylor Jones, Dr. Joseph S. Wall and Dr. Arthur L. Murray.

Home Club Will Give Last Concert Tonight. Edgar Schofield, Gotham Soloist, Will Be Heard in Chorus Musical at First Congregational Church.

The Home Club Chorus, directed by Otto T. Simon, will give the final concert of its second season this evening at the First Congregational Church, Tenth and S streets northwest.

This organization has the especial interest of Secretary of the Interior, Franklin K. Lane. The patronesses are Miss Margaret Wilson, Mr. Robert Lansing, Mrs. William Gibbs McAdoo, Mrs. David F. Houston, Mrs. William Curtis, Mrs. Gibson Furbestock, Mrs. Henry Jennings, Mrs. James Harlan, and Mrs. Franklin K. Lane.

The soloist will be Edgar Schofield, bass-baritone, of New York City, who will sing two groups of songs. Mrs. Albert M. Jackson and Mrs. Otto Torney Simon will be at the piano. George L. Wilson will preside at the organ.

The program will be of special interest from artistic and musical standpoint.

PLAN INQUIRY OF HIGH COAL PRICES

Gregory Tells Federal Trade Body Increases Result from Higher Wages.

WILSON FAVORS PROBE

Commission Members Will Seek Facts Behind Unusually Heavy Boosting of Selling Values.

The Federal Trade Commission will investigate any increase in the price of coal in the near future which it may have reason to believe are larger than the recently granted wage increases in the coal industry.

The commission's decision was made as a result of correspondence with Attorney General Gregory. Mr. Gregory wrote a long letter to the commission, pointing out instances in the past when the coal companies had raised upon occasions of wage increases as justification for comparatively larger increases in the price of coal. He estimated that one price increase alone had resulted in the buying of an annual surplus of 21,000,000 upon the consumer of coal over and above the cost of the wage increases just granted to the laborers in the mines.

It became known last night that Attorney General Gregory joined with the commission and approval of President Wilson in sending his recommendation to the trade commission. It is understood that the idea was discussed at length in a conference between the President and Mr. Gregory last week and that the President praised it highly as promising protection to the public from possible inflated price increases.

Administration officials are understood to believe that this promised inquiry will operate as a strong deterrent upon any increase in the price of anthracite coal which the coal companies cannot attribute directly to the higher cost of wages. The trade commission is understood already to have taken steps to secure the earliest possible information as to the scope and reasonableness of any price increases in the coal companies may have in mind to make.

Suffrage Pilgrims Leave Today. Miss Ida Mae Waters and Miss Florence B. Morrill, suffrage pilgrims representing the Congressional Union, will leave Washington this morning by auto for Baltimore, where they will campaign for the cause. After the Baltimore campaign the pilgrims will make a tour of Virginia.

Now this car rules the roadster field

This is the verdict of those who weigh motor car values with unprejudiced eye. In feature after feature it clearly outpoints all others in its price class. Every detail proves its quality.

Here are 7 winning attractions

3-speed sliding-gear transmission—used on all high-priced automobiles.

Modern high-speed motor—provides flexibility, quietness, and power to go anywhere.

Honeycomb radiator—assures perfect cooling; finest type of radiator made.

Timken axles—we know of no better axles.

Streamline body—distinctive, stylish, classy, graceful, roomy.

Dry plate clutch \$2,000 cars use the same type. Vanadium steel cantilever springs—easiest riding type of spring suspension.

Mark how it saves in upkeep cost

Saxon Roadster offers the relief you seek from operative over-tax. It costs less to run than any other. In test after test—under hardest handicaps—it has held expense down to one-fourth cent per mile per passenger—30 miles to the gallon of gasoline—too to 150 miles on a pint of oil—3,500 to 5,000 miles on a set of tires.

Women favor Saxon Roadster because it's easy-riding and easy-driving. Men are won by its sturdy ruggedness, its power, its speed—its ability to carry them anywhere any car can—and many places where heavy cars can't.

Let us show you what Saxon Roadster can do for you.
